MEMORANDUM FOR Secretaries of the Military Departments  
Director of Defense Research and Engineering  
Assistant Secretary of Defense (Comptroller)  
Director, Defense Intelligence Agency  
Director, Defense Nuclear Agency  
Director, National Security Agency

SUBJECT: Supplementary Guidance and Instructions for the CW 71  
Consolidated Intelligence Resource Information System  
(CIRIS-71)

References: (a) DASD(I) memo of 12 November 1970, subject:  
Guidance & Instructions for the Consolidated  
Intelligence Resource Information System (CIRIS-71)  
with attached Instructions & Guidance for Submissions  
to the Defense CIRIS.

(b) DASD(I) memo of 5 May 1971, same subject

The purpose of this memorandum is to reduce the detail requirements of the CIRIS-71 Phase IV data call, which will display the allocation of CDIP resources in the forthcoming Program Decision Memorandum (PDM).

As originally established on pages 2 and 3 of the attached reference (a), the CIRIS-71 Phase IV (PDM) submission was to be a submission; that is, dollar and manpower resources were to be allocated in terms of mission, function, sensor, platform, etc. Each Reporting Entity submission was to include not only a Reporting Entity Summary (DD Form 2812) but also CIRIS Reporting Entity Detail Displays (DD Forms 2812a). (The Phase II and Phase III submissions were cancelled by reference (b)).

The Phase IV data call is hereby modified to require submission of CIRIS Reporting Entity Summary (DD Form 2812) data only -- Reporting Entities need not submit Detail Displays (DD Form 2812a). (The

and manpower resource levels for each Reporting Entity will be based on the FYDP update which the ASD (Comptroller) will promulgate following signature of the PDM by the Deputy Secretary of Defense. Only FY 71, FY 72 and FY 73 resource levels need be included in the Phase IV CIRIS submissions.

Suspense for receipt of Phase IV CIRIS input in ODASD(I) is 30 days following ASD (Comptroller) distribution of the post-PDM update of the FYDP.

It is essential that dollar and manpower totals for all Reporting Entities within a Program Element add up exactly to the Program Element totals shown in the post-PDM FYDP for Fiscal Years 71, 72 and 73. Such conformance with FYDP Program Element control totals must be maintained not only at TOA and Total Manpower levels, but also within Appropriation and Manpower categories.

Any new Reporting Entities, or descriptive changes to existing Reporting Entities, will be reported on CIRIS Reporting Entity Identification Forms (DD Form 2812b) as soon as possible.
